Fax: (03) 5971-5722

We are in to our 27th year of Christmas trees and it's that time again. So get out those Christmas decorations and come visit us, because CHRISTMAS STARTS AT THE CHRISTMAS TREE FARM!!

There has been lots of talk about climate change. Did you know that a field of young, growing Christmas trees absorbs far more carbon-dioxide and pumps out more oxygen than an older forest of the same size? So Christmas Tree Farm is doing its share in the global capture of carbon.

Christmas Decoration Barn – Once again I have gone overboard with buying Christmas decorations. It is chock full of new seasons decorations – my assistant, Susan, has done a wonderful job setting everything up and it looks terrific.

We are also running the **Colouring Competition** for youngsters of all ages – last year it was won by Lucy Hunter, aged 12. If you have more than one child please feel free to photocopy. Make sure they bring their entry with them when you come to pick up your tree. Prize – \$200. Entries close December 20 and will be drawn on December 21.

Somerville Fire Brigade – what a great job they did on Black Saturday. Where would we be without them! So come along on the weekends, starting November 28, show your support for them and have brunch – they have become famous for their egg and bacon sandwiches.

The baby dogs – **Buckley and Ruby Monday** – our St. Bernards, are still going strong and look forward to your visit. **Do not bring dogs to this property** as they can smell another dog and may try to visit your car, with disastrous results!

Santa is in attendance from 10 a.m. to 3 p.m. weekends from November 28 to December 20

Free Decorations - This year I have found some unusual clip-on birds which is our way of thanking you for coming to visit us – just fill out the box below with your name and address and bring it with you when you come to pick up your tree. Bring along a friend and they will receive a free decoration.

Tree Return – all who buy a tree from us are welcome to return it to us after Christmas for mulching – if we are not open please throw over fence. We look forward to catching up with you. **We are open from November 23 thru to Christmas Eve, 9 a.m. to 6 p.m. seven days per week (Melway Ref 106 G12).**
