

Christmas Tree Farm

Field of Christmas Dreams

This years crop of Christmas Trees is undoubtedly one of our best. The solid winter rains that arrived mid-year have helped to ensure the trees have grown well and we have an incredibly uniform field of trees for you to choose your special tree from this year.

Families will enjoy wandering through the choose and cut field, spending time together to find that extra special tree that will become the centre of Christmas at your home!

This years Choose and Cut Field has recently been sheared and is busy growing in anticipation of families arriving soon

We have a great variety of trees this year ranging in height from 5 – 6 ft up to 9 – 10 ft. Get in early for the large trees and smaller trees as they are in limited supply this year!

A Message from Craig and Laurelle...

It is hard to believe that Christmas is almost here again!

The wet summer we had meant that the growth on the trees has been strong and we are really excited about the great crop of trees we have for you this Christmas.

Earlier this year we lost Ruby our much loved female St. Bernard with a heart condition. Buckley, our big male St. Bernard recovered quickly from the loss of his best mate and is looking forward to greeting each of you on your arrival.

We have sourced some fantastic stock for the Christmas Shoppe from a range of suppliers around the world. This year we think we have the best range we've had in years and we have really catered to a broad range of tastes and preferences.

Like many businesses around Australia, we have had to make a couple changes to the farm in line with OH&S legislation. The much loved wagon ride is a casualty of these changes and will not be available this year. We are looking at ways to modify it and hope to have it back in coming years.

Right now, the team is busy putting the finishing touches to this year's crop. The boys tell us that they think this year's trees are the best shaped trees we've produced in years with a strong conical shape and great lush green growth.

We are really looking forward to seeing you and catching up with your family this Christmas – because you know your Christmas starts at the Christmas Tree Farm!
